

Buying guide

Streakers come in a choice of FRP, all wood or composite (an FRP hull with a wooden deck). Historically, some boats were made from GRP, but this material is no longer used.

New and **used Streakers** can be found with a variety of fit-out options, including a range of foils, spars and sails.

New boats are available from **Class approved boat builders** who can supply a complete ready-to-race package. Alternatively, a builder may offer to supply you with a bare hull, to be fitted out by yourself or an **independent chandler**.

Enthusiasts can build their own Streaker! This can be done from scratch using the **official plans** or you can buy an **approved kit** of parts.

New boats

Licensed builders

Professionally built Streakers are available from the following approved boat builders:

Butler Boats

All wood, FRP or Composite (FRP hull, wooden deck)

Contact: Dave Butler
Tel: 01482 669848
Email: dave@butlerboats.biz
Website: butlerboats.biz

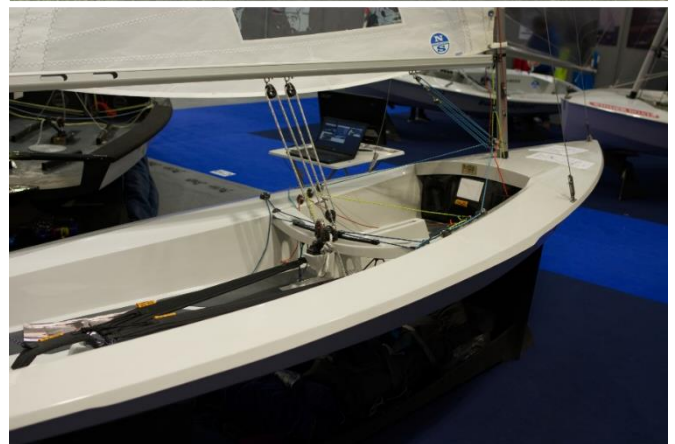

Hartley Boats

FRP Streaker package

Contact: Hartley Boats
Tel: 01332 369751
Email: sales@hartleyboats.com
Website: hartleyboats.com

Independent chandlers

You can arrange for a new or used boat to be professionally fitted out by an independent chandler such as [Pinnell & Bax](#).

Self-build plans

Build your own from plans

The [Official Streaker Plans](#) are available from the Class Association. They will be supplied on a CD which will include:

- a full set of drawings in AutoCAD format
- an itemised parts list
- detailed building instructions.

Self-build kits

Build your own from a kit

Butler Boats can supply you with a kit for an all wood or a composite boat in any state of partial completion. Please speak to Dave about your particular requirements.

Butler Boats

Kits for all wood or Composite (FRP hull, wooden deck)

Contact: Dave Butler

Tel: 01482 669848

Email: dave@butlerboats.biz

Website: butlerboats.biz

If you are interested in a self-build option, the Class Association can introduce you to members who can offer advice, having completed their own self-build projects.

Used boats

Buy a second-hand Streaker from one of the following sources:
