

How to get there!

- Leave the A63 Hull to Leeds road at the Brough / Welton turning.
- Turn into Common Lane, following the signs for Welton Waters. The turning is off the West-Bound Entry/Exit slip road.
- Go past the old Primary School and turn Right, follow the road past the new housing.
- Go across the Level Crossing. Follow the road, for about 1 mile, through a sharp left, a sharp right and finally another sharp left. You will now have a small pond on your right hand side. (we don't sail there!).
- Keep going, after about 400m you will pass a brick building (Welton Water Adventure Centre)
- The large stretch of water to your right is Welton Waters

The Club House is at the end of the road.
